You are welcome to pack these items if you would like but they are not required. Specifically, we provide a fitted sheet, flat sheet, one camp-style wool blanket, and one fleece blanket. Two different sized towels are provided, one for waterfront usage and one for showers. Please note that while our linens are in clean and good condition, they are not necessarily luxurious and may not feel the same as the items you use at home. For this reason, along with wanting to personalize their space, some campers like to bring a comforter or blanket, and at least one beach towel. Many choose to bring their own linens completely, but please keep in mind this is not necessary or required.
